

QUAD AND DIRT BIKE INFORMATION

Rules:

Bikes:

- All bikes need a front plate and two side plates with visible number showing.
- Jersey will help if number is on the back.
- If the number is not big enough for the judges to score you properly, you will be scored according to what we think your position was during the race.
- All scores of the judges are final at the end of the race.

Quads:

- All quads must have a big foot running board; also you must need a working tether prior to race start. If it does not work you will be unable to race or disqualified.
 - *No tether - (May be responsible for any medical incidence if your quad is the issue)
- All quads need a front, a back, and both sides' rear fenders with visible number showing.
- Jersey will help if number is on the back
- If the number is not big enough for us to score you properly, you will be scored according to what we think your position was during the race.
- All scores of the judges are final at the end of the race.

Any bikes or quads speeding to and/or from race area (staging area) or in Pits will be disqualified.

Maintain a slow and safe speed for the pits spectators safety and staff safety.
